

Dear Parents and Carers,

RE: SNOW CLOSURES – IMPORTANT INFORMATION

As you are most likely aware, an amber weather warning has been issued for the West Midlands with heavy snow forecast from Thursday night into Friday morning.

At this stage, our school remains open as normal. However, the severity of the weather may impact site safety as well as staffing levels. Depending on conditions over night, there is a possibility that the school may need to close.

Ongoing assessments of the situation will inform our decision and we will communicate any closures to you as early as possible.

If school is closed, a message will be posted on the home page of our school website. We will then provide updates via our school website stating whether school is open or closed. Please refresh this page regularly throughout the morning as circumstances can change quickly!

For the first two days of closure, remote learning will be provided via our website - please refer to your child/ren's class page where you will find 'Snow Day Learning.'

As we are getting Juniper up and running, we may additionally send updates via this app. We are aware that not all families have signed up yet.

Thank you for your understanding! Please take care when travelling in the coming days and take extra care while on our school site.

Yours sincerely,

Woodlands SLT Team
