

Dear Parent/carers,

Exciting News – A New Parent App Coming Soon!

As you are aware, up until now we have been using Marvellous Me as our way of informing you of your child's learning and achievements. We're delighted to let you know that we will soon be inviting you to join our brand-new Parent App which we will start using from January 2026. It is a fantastic, easy-to-use platform designed to once again keep you informed and engaged in your child's school life and achievements.

Through this app, you'll be able to:

- **Receive messages from the school:** Stay updated with important information, reminders, and announcements directly on your phone.
- **See pupil updates and achievements:** Celebrate your child's successes with updates about badges, and points they earn in school.
- **Enjoy observations and activity photos:** Get a glimpse into your child's day with photos of activities happening in the classroom and around the school.

We want to make sure this is ready for you to use, so, you will receive another letter with detailed instructions on how to sign up at the beginning of next term. We will then send the invites for you to sign up to the app, this will be sent to you by email. To ensure that the email is sent to the correct email address, please make sure that your contact details are up to date on our system. Once your invitation has been sent you will need to set up an account in preparation for receiving messages. If you have any issues with this then please email ict@woodlands.walsall.sch.uk and we can try to resolve them for you.

We also ask that you remain patient while we all become familiar to the new messaging system. We do believe this app will continue to strengthen the connection between home and school, giving you greater insight into your child's experiences.

Keep an eye out for your invitation coming soon!

Many Thanks

Miss Harvey
